### ***Bethesda Mission Briefing***

The Bethesda Mission has existed within Central Pennsylvania for over 100 years. Dedicated to providing a comprehensive approach to combatting homelessness in the Harrisburg area, the Mission bases its outreach efforts through their Network of Compassion Sevenfold Ministries which includes the following:

- Mobile Mission
- Medical/Dental Clinics

The Mission serves as the first line of help for those attempting to become self-sufficient members of society. Because of this, the mission addresses various facets of poverty including hunger, rental assistance, substance abuse counseling, and procurement of various forms of identification needed to process assistance applications.
